- BAWAN (Transformers, Building Materials, Industrial Investments)

- Reliance (Ready-Mix Concrete)

- Unimix (Ready-Mix Concrete)

- ElJayed (Food & Beverage)

- AlFares (Food & Beverage)

Profile

Results-driven SAP SD Consultant with experience in SAP Sales and Distribution (SD) across public sector, manufacturing, and FMCG industries. Skilled in SAP SD blueprinting, configuration, integration testing, and end-user training, ensuring seamless system adoption and business process optimization. Hands-on experience in full-cycle implementations, unit testing, and support projects for diverse clients, including Egypt ERA (Public Sector – Licenses & Permits), SEMAF (Railway Industry), and leading manufacturing and FMCG companies such as Bawan, Reliance, Unimix, ElJayed, and AlFares. Adept at collaborating with cross-functional teams to meet project milestones and drive operational efficiency.

Education

Cairo University

Bachelor of Computers and Artificial Intelligence (Decision Support Department)

2019 – 2023

Other Skills

- Programming: Python (Matplotlib, Pandas, NumPy, Seaborn), Java, C++, Kotlin.
- Data Analysis: Data Cleaning, Visualization, Modeling, Problem-Solving.
- Project Management: Leadership & Team Coordination.
- Tools: Advanced Microsoft Excel for data analysis.
